

Training Opportunity

Mass Casualty Incident Basic Training

Tuesday; April 16, 2024
Noon until 8 PM

EMS of Northeastern Pa Council
169 Centerpoint Blvd
Jenkins Township, Pa 18640

Free of Charge! Lunch and Dinner provided!

This course, presented to hundreds of EMS professionals in the Lehigh Valley over the past 15 years, will review common MCI principles, lessons learned from prior incidents, and hands on practice utilizing scenario based training.

While the core audience for this program is EMS providers, others in healthcare and emergency services will benefit greatly. Integration between bystanders, on-site representatives and emergency responders is key to successful MCI mitigation

Instructors: Chris Greb and Chris Peischl

Registration is required: <https://form.asana.com/?k=N4Cl4rSm8mnReEIULBx6eA&d=19131075186199>

"This course has been approved for 2 hours of "CPC" and 6 hours of "Other" continuing education credits for EMS providers"

Sponsored by the Northeast Healthcare Coalition
